

**Pioneer Cemetery
Old Ridge Road, Sistersville**

This is the Pioneer Cemetery going out Oil Ridge Road in Sistersville. It is the oldest public cemetery in Sistersville. Many of the headstones are missing or damaged and there are no records of the graves. There is a partial map of lot ownership at the local Funeral home.

We have Linda Johnson and Rob Carse to thank for this cemetery information.

This is the spectacular view from the top of the cemetery. Fly, Ohio is on the other side of the Ohio River and Sistersville is visible on this side of the river.
